The authors and contributors are not responsible for nor can be held responsible for errors or omissions of fact or consequences from the use or misuse of the contents of this work. Additionally, governmental laws and regulations vary from region to region and the contents of this work vary in permissible usage. The reader is advised to check their local, state, and federal laws and regulations regarding the use of the information of this work including theory, herbal medicine, foods and acupuncture. Note that blood invigorating herbs and/or foods in this work may be contraindicated during pregnancy, bleeding disorders and where the possibility of an embolism is present. The herbal formulas and food treatments are only to be used in the context of Chinese Medicine (including the use of a differential diagnosis) by a trained and licensed practitioner. None of the herbal medicines and foods for internal use or external topical use are prescriptions but are formulas and food treatments that are traditionally used in Chinese Medicine (CM). The authors and contributors cannot be held responsible for results obtained from the information contained in this work. Note, the availability of herbs and foods may fluctuate depending on FDA and USDA restrictions on the sale of herbs and foods and the reader is advised to abide by all FDA and USDA restrictions.

Pelvic Inflammatory Disease and Cervicitis

Summary

This course covers acupuncture, herbs, Chinese medicine theory and 'western' biomedicine diagnostics for the treatment and prevention of cervical infections, cervicitis and general pelvic inflammatory disease (PID). Complications of PID including fallopian tube infections, menorrhagia, endometritis, dysmenorrhea, lower abdominal pain, leukorrhea, ectopic pregnancy and infertility are covered. Watch the course video presentation, take the online quiz and receive a certificate of completion for acupuncture continuing education credit.

Program Highlights

- Chinese medicine theory and biomedicine in relation to PID and cervicitis.
- Acupuncture points and herbal formula for the treatment of PID and cervicitis.
